

# CAREX ULTRA GRIP™ GRAB BAR

## User Instructions

Stay independent and improve your bath safety with the Carex safety grab bar. The Ultra Grip Grab Bar assists users entering or leaving the bathtub or shower. Its strong suction grips hold tightly to any smooth, flat, and non-porous surface. The bathroom grab bar features a visual indicator that changes from red to green to show when the bar is properly secured into place. No installation is required.

Available in 12" or 16".

**Powerful dual-locking suction cups.**

**Indicates when the bathtub safety bar is properly fastened.**

**Excellent for travel.**

**Works on most surfaces.**

**Available in 12" or 16".** Choose from a more compact 12" bathtub bar or a larger 16" grip bar with more support surface. Smaller bathroom handles are more subtle and fit in more tubs while larger bathtub safety handles offer a larger surface to grab on to.

Supports up to 250 lbs. The bathroom safety grab bar offers a reliable and dependable source of support. It can be easily removed and adjusted to a new position based on user needs.

Trust in Healthcare DME for all of your bathroom safety needs. Our wide selection, guaranteed product warranty, trusted brand for anyone looking to improve the safety of their bathroom. Our mission and reason for being are to enable our customers to live healthier, more comfortable, and independent lives.
